

Nasal-Aire II[®] Critical Care

AT A GLANCE FEATURES

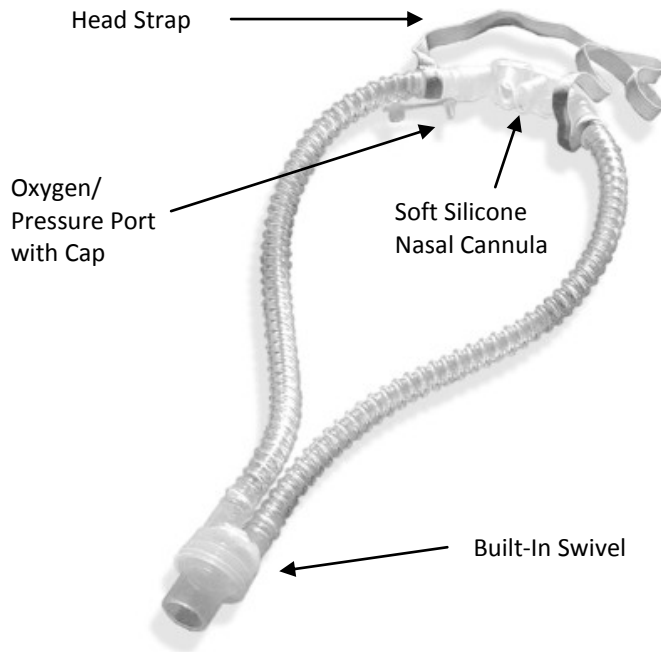

- Proprietary Internal Nasal Seal
- Simple Head Strap
- Sizing Gauge
- Soft Silicone Nose Piece
- Supplemental Oxygen Port

THE INNOVATIVE ALTERNATIVE TO TRADITIONAL NASAL MASKS

The Nasal-Aire II Critical Care features a unique design that makes it an ideal patient interface for non-invasive ventilation. The mask features a proprietary internal nasal seal that is designed to deliver leak-free CPAP, without the need for bulky, restrictive headgear. The ergonomic design fits any face and eliminates pressure points, allowing it to be worn for long periods of time without discomfort. It seals on the inside of the nostril and is held in place by a simple head strap.

The Nasal-Aire II Critical Care comes in six sizes with a handy sizing gauge available to simplify the fitting process.

BENEFITS

- Easily tolerated which leads to patient acceptance of therapy
- Virtually leak-free therapy
- Eliminates pressure points on the face for a more comfortable fit
- Eliminates need for bulky headgear
- Less claustrophobic design
- Doesn't interfere with waking functions such as eating or drinking
- Eliminate wasted product by identifying proper size before placement
- Easy to facilitate supplemental oxygen use
- Swivel reduces circuit torque
- Lightweight design
- Disposable

SPECIFICATIONS

Product Sizing

The Nasal-Aire II Critical Care Interface comes in 6 sizes. A sizing gauge is available to determine the best fit. Each product comes complete with a nose piece, tubing and head strap.
